

WHAT DO I SCHEDULE?

Color Refresh-Retouch Color:

Someone looking to refresh the color they already have. Color re-touches now includes either a "Clear Gloss" or "Custom Treatment" through-out your ends while you process. This appointment block is also for someone looking to refresh an existing highlight with a glossing toner or a face frame highlight.

Color Enhance-Scalp to Ends Color:

Someone looking to change their existing color on the same level or darker. Do you have light brown hair but want to try copper? This block is also for someone wanting to add a face framing highlight to a color refresh, or a "Bleach and Tone" service.

Mini Highlight- Glow Up:

Looking for just a pop of brightness? This service allows for 8-10 highlights added just where you want to see an extra glow.

Half Head/ Partial Highlight- Natural Beauty:

Those who love a natural highlighted look or if you are already light and want to fine tune your tone or add pops of brightness or depth. This service leaves the hair from the back of your ears down, untouched. Additionally, a pop of brightness can be added around your bottom hairline. Some guests will require an extra color bowl +\$20.

Full Highlight- Bombshell:

For those guests who want to be significantly lighter, or for those who need a lot more depth added to a faded-out blonde. Some guests will require an extra color bowl +\$20.

Reinvent Your Moxie Mane + Cut:

For those looking to be a total bombshell blonde or in need of corrective work. Are you looking to majorly change your look or need a current color fixed? Then this appointment is for you! A haircut is included in this service.
